

NEWSLETTER 5 – June 2017

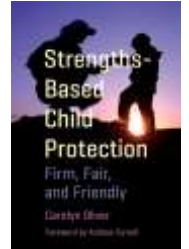

Updates

In this month's newsletter here are some of the things happening on an international level with Signs of Safety:-

Signs of Safety Adopted as National Child Protection Framework for Ireland

Signs of Safety has been adopted as part of **Tusla's broader Child Protection and Welfare Strategy** to enable one uniform assessment and intervention approach to be used across the country in a three-year, system wide implementation.

Strengths-Based Child Protection is the first textbook solely dedicated to furthering strengths-based practices in a child protection setting. Carolyn Oliver provides an original, accessible, and practical research-based model that focuses on the key to success in this field: the worker-client relationship.

Upcoming Events

The Netherlands 18–22 September 2017 Five-day Family Finding demonstration, coaching and hands-on learning with Kevin Campbell.

London, UK 25 September 2017, Workshop to help new implementing authorities and agencies to get started with Signs of Safety and, for others, to maintain and build on progress already made.
