# Important changes for City Centre Bus Station

As we get closer to the move to the new bus station early next year, we need to replicate the new stands at the current bus station, to give passengers and staff alike the chance to get used to the new arrangements. With this in mind, from Sunday 7 October 2012 the stand from which your bus leaves the City Centre Bus Station will change.

Stand numbers are being replaced by stand letters, for example Stand 12 will become Stand L. Many services are moving to different areas of the bus station, with some stands being taken out of use..

This leaflet tells you which stand your bus should depart from.

Great care has been taken in producing this leaflet, and the information is published in good faith. The compilers can accept no liability for any loss or inconvenience resulting from any inaccuracies or changes to services.
